Universidad de Nariño, Pasto, Colombia

PROFESSIONAL EXPERIENCE

Product Management - Matero

July 2025 – October 2025

Stradegi Solutions, Toronto, ON

- Identified and researched prospects, introduced the platform's value proposition and benefits, and used Lusha to manage contacts and support email outreach initiatives

MBA Strategy Consultant – Productivity Optimization for Account Managers

September 2024 – April 2025

Softchoice (in partnership with McMaster University) Toronto, ON

- Collaborated on a consulting project with Softchoice as part of the Management Consulting course, conducting interviews, surveys, and shadowing to analyze Account Managers' workflows in the Commercial and Enterprise segments, and contributed to solution recommendations based on identified productivity gaps.

Coordinator, Operations (Audit and Control)

July 2022 - September 2024

Holt Renfrew, Mississauga, ON

- Led the initiative to develop and implement a pilot program that transitioned all stores from paper methods to an automated system for managing company assets, resulting in an 85% increase in efficiency and security, while training all managers and coordinators to ensure data accuracy and improved control
- Supervised and analyzed daily cash banking of over \$120K, including sales audits, accounts payable, petty cash, and cash flow management, while optimizing payment processes and preparing balanced reports in collaboration with the sales and accounting managers to enhance financial operations
- Trained new associates on company policies, POS system usage, and best practices for cash handling and payment methods to ensure compliance and improve transaction efficiency

Support Supervisor, Operations

April 2021 - June 2022

Tory Burch, Mississauga, ON

- Developed a project that optimized logistics processes in the warehouse by implementing a specialized planogram and enhancing checkout operations, resulting in a 40% increase in efficiency and accuracy
- Onboarded over 15 new support staff on company standards and procedures, ensuring adherence to quality and performance expectations
- Managed over 1,000 SKUs by monitoring distribution, inventory allocation, and replenishment for Back of House (BOH) operations, while coordinating with operations and merchandising teams to ensure seamless workflow, timely supply ordering, and consistent 90% stock levels.

Supplier and Marketing Assistant

August 2019 - January 2021

Romi Supermarkets, Bogota, Colombia

- Negotiated competitive bids from 100+ suppliers and 5,000+ SKUs to purchase merchandise within budgets and to drive profitability
- Developed seasonal merchandise strategies, directed merchandising across 8 locations, and spearheaded recurring promotions and ad campaign
- Led a customer service team responsible for handling all types of offline and online inquiries, achieving an 92% customer satisfaction rate
- Directed the setup of a mobile app and call center operations to address quarantine demands, leading a team of 7 associates
